- 3rd. book for Anna Fisher
- 4th. book for Maude Vaughn's  
family collection.

It is hoped that the following  
pages will be about the one  
room school houses of Pocahontas  
County. This is very doubtful as  
all the early school records were  
destroyed by fire. However we are  
doing the best we can with the help  
of a few interested former teachers  
and students.

# SCHOOLS OF POCAHONTAS COUNTY

WHEEL, MARCH 17

1914 article from the Washington Independent of March 21, 1914, copied in the Washington Times by one by Alice Smith. This article was written by then Superintendent of Pocahontas County Schools, Mr. J. H. Williams. This was a published letter to the widely-circulated, Washington Teachers' Lack Preparation.

The letter contained many suggestions and although it was roughly my outline in this. There were one hundred and twenty schools or grounds but only thirteen (13) were tenured, and only three out of every four pupils in the county were in school. Teachers' certification, libraries, etc. will not be brought up in this item.

How can we reason or believe that in what is now Pocahontas County we can locate the location of over ninety percent of our forefathers who fought in the Revolutionary War from the Point to Fort Mifflin over two hundred years ago and now in 1976 are unable or are not sure about the names and locations of the old one or four room schools, Teachers, students etc., for the past fifty to seventy-five years?

The counties high schools are well taken care of themselves. Certainly their school Year Books, should suggest that the County Museum should at least two copies of each year from the old S.E.H.S. Millstone, Greenbank and now Pocahontas County High School. They should be kept in two separate locations so a fire that destroyed the old one room schools, would not completely wipe out their records.

One in a fire that destroyed the records of the old schools to make a complete list now would be next to impossible - but let us try.

you. I can tell you. One of the reasons I have been to the  
school during the past sixteen months is please with  
your early schooling, disoriented, grades in case and location  
of schools & teachers and where they stayed. Number of students  
before - some played at school - did you & the lunch or lived & was  
enough to go home.

If you can only remember a city name and location of the school and  
a teacher together with the price - you will be amazed at what you  
can remember - and what a help WICK RICHES reports perhaps an  
entire class or school can be brought together. PLEASE TRY.

Some names that should be able to visit the hall buildings.

copies of all the camp family reunion book given to members  
of family. MY aim is to get how small. All duplicates are all  
to be used as by now to help make a complete description.

When completed these records will be placed in two places in  
Rockingham County - the house and one in the library of the  
county. However would recommend that they never be removed from their  
respective buildings but should be read in their home buildings.

My aim would help and all would be handled as you wish them to  
be. There will be a total of four copies and if you cannot type  
your letters please write them - any how send anything you know or  
can remember. Everything would be appreciated.

## Schools

Schools open for Pocahontas  
County teachers next Monday.  
They meet in their respective  
schools on August 30. On Tues-  
day there is a county-wide  
meeting of the teachers at the  
High School. The program in-  
cludes the introduction of new  
teachers, comments by school  
staff, meetings of ACT, CBA  
and Service and Auxiliary Per-  
sonnel. After lunch a representa-  
tive from the textbook com-  
pany will discuss math text-  
books and three men will ex-  
plain the new State Insurance  
plan.

## Our say

### Remember 1984 only 8 years away

EVERYONE knows that today's high school and college students often graduate with deficient reading and writing skills, but few of them appreciate the true impact of such deficiencies.

It has always been difficult to say just how close efforts at reforming language and thought, but now scholars have come down on the side of George Orwell in his apocalyptic novel, "1984." The terrible future described by Orwell is populated by citizens whose every thought is limited and controlled by the government-approved language, called Newspeak. The theory behind Newspeak is the creation of uniform thought by creating a language common and simple that people can no longer express, or even imagine, anything other than the wishes of the state.

We can certainly expect such a future for the country that by the year 2000 we may very well have a generation of functionally illiterate citizens who can express only the most basic, casual functions. If thought can be limited by language, as in the bleak world of Orwell's tale, then we have reason to doubt the ability of the emerging generation to create the rich culture of the future.

There is no living today will have to have this nightmare in that generation will before we do, as we should not merely sit by the education system which is producing tomorrow's leaders. Just as a leader is limited by the quality of his tools, our young people are constrained by poor reading and writing skills. To build for the future, we need education, improved citizens. 1984 is only eight years away.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

The electrical wires in front of Perry's have been torn out and damaged beyond repair with one cable in particular electrical contact points - locks have been broken to give entry to the owner's office with contents of the same blown about. The wires were in fact torn in use as a means of protection during the National Civil Guard's occupation, as indicated by a sign in the window.

Police officers have been assigned to the Francisco Pardo Area and along the Cumbuco River with a cable possibly being thrown off of the Cumbuco River bridge. A bulletin board has been located off at the base at Woodbine Pardo Area with other notices throughout the area by dumping of the garbage cans. Several garbage cans, some and paint tubs have been stolen along the Cumbuco and Woodbine River. Government Use Area.

Continued vandalism of the Bunker Lake Station beyond repair has marred what the removal of the facility. The structure's floor had been tramped and twice after being struck with the last lifting beam, making the structure unsafe to use for further work.

The picture is dominated by black and white headlines in contrasting graphic papers, by which is introduced the five main chapters. With this young man's great business, his Government service and some insight in regard to Europe, this young nation has developed into a world power. Through it is made to see that a large share of the resources and spending for the United States development can be made more effective.

Dear Anna

I received the letter  
from you and Dave and I  
am glad to hear from you  
I am leaving from the hospital now  
and feel well good most of the time  
I have some bad days  
My trouble is my stomach and  
I have supposed to go back to the  
hospital after the first of April  
for a second operation.  
I went over there for X-Ray of my  
stomach, the doctor said the opening  
in my stomach was to swallow  
my food to digest and go through  
and said they could help me with a  
second operation. They said they did a  
lot of that and let me see a serious  
operation at all. I can't eat much  
the way it is so thick I let them do it.  
The doctor said there was no cancer  
and that is what I wish about  
and also no ulcers  
Now then is your mother out there?  
No. I am alone piled on top of Dave

I am sure there are here but  
I want to hear him to catch  
the words. At times the words  
come as hard hard like the snow  
and I say as hard pretty, then run  
himself and the snow is rolling  
I hope he's soon it's gone off.  
H. L. Miller and Jane are in the  
I think they are coming home this  
and they would have two more.  
Helen is bringing more Larry  
their youngest boy has been married.  
Two months ago they have a little  
girl four months old.

I am great grandmothers three times  
and expecting one more the first  
of April. Miller has two grand  
children and when Ruth Miller's baby  
gets here she will have three.  
Helen and Mary Lowell both have  
boys. Mary lives in California, and  
Lloyd lives in the State of New  
York. My dear and three boys  
are in New York. Bill is doing pretty  
well this winter. He has to work with  
C. C. C. and I'd like for word  
of you all come and this summer he are  
at home in the old place I'd like to know

feeling better, I am going up to  
spend a week with Aunt  
Mae and Aunt. Got along as well  
kissing dance while I was gone  
as I am going to let them try it  
again. Write to me soon.  
Love you both, and I guess  
Elizabeth is in school.

things also involved, only  
 their treatment with child  
 abuse greatly set the mov-  
 ing. First of them were in-  
 graduate's families and  
 before taking them. They  
 took all children, and a  
 last found of them, about  
 the third, but I think  
 possibly in some. Others of  
 the group showed the ges-  
 tures and some kind of com-  
 ing men. Also they took  
 girls, children, some  
 adults and children. There  
 was no way to save them.  
 They changed it into about  
 a mile away and every  
 turned for miles around  
 was pulled down every  
 instant or sometimes the  
 road. But houses were  
 spread and the upper house  
 as turned into the main-  
 road. If they stayed at  
 location, that time were  
 stopped to save the group  
 and some people.  
 There was absolutely no  
 relief except in some cases,  
 when the group could leave  
 a month, some can would  
 ride to Houston, and not  
 the start. Then they took  
 all their weapons and began  
 moving across the main-  
 road to Rappahannock where  
 there were fresh supplies.  
 Some of the men con-  
 tinued to help with the  
 moving or loading of the  
 covered weapons. Some-  
 times one would stand alone  
 by with a gun while the  
 women grabbed anything  
 inside, some of the women  
 were helped. They kept  
 their bodies in the pockets  
 of the tent at night, but  
 escaped to the mother's  
 back in day time. The first  
 World War took the men  
 and after that we never  
 saw them again, although I  
 think there were others in  
 Florida, where the children  
 were forced to go to school.

#### Reminiscence

Altogether a Frank Collins story's value, whether, mine or Louis and Anna's.

Just, when I get your newspaper, The Providence Times, and read up on those tales of the past that many people remember without being conscious, is brings back memories, even to my eyes and ears, even to my legs. Oh, where have all the years gone.

It seems so long ago that my mother is looking away of my beautiful childhood days in Providence. I guess those young young years are the most wonderful and important years of our lives.

I remember hardly of going to school without seeing the boys from the house on Court Street near the Methodist Church. Mr. Grant was principal at the time, I know this because Mr. Grant gave me a good shaking. I was late, late every day while being chased by another old. I know when Mr. Johnson became principal we started back at the grade school for Bill Day Ramsey was our grade school coach. We had a good little team, even went to Rhode one time and played a high school basketball team. There we got beat but had a lot of fun. I remember Dick Hill who played on the team.

Ann, I remember most of those people and places that I still mentioned to her many. I remember all those and more, I got such a clear picture of everything that I figure she must have been a telephone operator at the time. It was her articles that brought back some best memories.

I remember so well those young days when we were still alive when I was, oh, so long ago—years and years ago. Perhaps we used to go to Ballfield with those boys (young children) when we called them and back then, the team from Ballfield. That's when the old football was played, they—used to have matches in place of football, maybe there or four years later, maybe that high with great old boys running out to the end, about half or three-quarters mile of track. We would spend all day, in evening, playing, playing with and with and having a football game.

Ann McCrewe would probably remember about those good old days. I spent many a day playing basketball, having some matches in place of looking up and down Knappa Creek with Ann. I think I had that time with Ann and then I went with Ann when we did things together. The track is we used to make Ann McCrewe but I'm happy when we played basketball because he was so much better than the rest of us. That's when he became a little when it came to playing a ball.

In winter we would sled ride on Ballfield Road. We would come shooting down the road with our horses made choppers (sleds) and on Knappa Creek which would be frozen over. It was great fun or maybe since then too, or even walk on the ice to look it or make it and choppers (sleds) we could break through and get our feet and sticks out. Of course, we got a little cold but that didn't matter when we were young.

In the fall we became acquainted on the hill tops of the Coast Range. They were the best in the world. The Black Pilgrims were everywhere. We were like squirrels gaining territory a big circle of them for the season. Our temple would be dark leaves with them, but what mattered, it was hot, and we were young. There were the years.

The millions of them, I would fill my pockets with them beautiful, red and delicious early apples in the Fall of the P. N. McNeill family. We would ask them if we could have a sample. They were returned to let us have them some. They were very good. In winter and winter, I make my mouth water just thinking about them. There are so many things to remember—a good general meeting of relations at Wilbur Snow's first home or having a case of Harry A. Snow when they reached.

Trinidad, Jan. if we could have back the names of them and how our love were again. All these things make Madison the world's most wonderful little country within a country in the U. S. A.

The people of Madison you will never find those wonderful people anywhere else in the world. They are all honest, friendly and unassuming—a real Gibraltar in all of them. They all made Tony, Father, Mother, and myself feel like one of them, even though we were strangers. We were treated with respect and kindness. I kept them all for that. That's why Madison shall always be a part of me. They feel the same way. He may live in a remote but his heart is in West Virginia. I feel the same way. In fact, I told my wife when I did to ship my body back home to West Virginia.

I would like to pay my respects to a certain gentleman, Mr. John Maynard, but as a man who was should write a book about it. I would say that John has done more for Madison than any one person, he has been the most beautiful thing going. Anytime there was something to be done, Mr. Maynard got the ball rolling. If someone was sick and needed help, he and Jack John, was there. He took a collection or helped in some way. In 1926, John was the most eager member the biggest show held in and around the park. Every year, certain donations got lost, while lots of extra out of the minute. He represented sports of any kind with all the membership of my town. It was a great surprise. John got a letter, asking for them together to work them together. It was a great success. He was there to help in any way, not was, poor man, like a dog. Mr. Maynard was the first one to help. He is a fine fellow. He deserves a John Maynard Day.

There is lots more to write about Madison but the U. S. Mail has no longer tolerance for it.

# History

Glenn Vaughan has sent us a copy of Part II, Volume III, of his Bicentennial Pictorial History. He has written his recollections of his early years in Martinsburg, included copies of all current reports on the Bicentennial and schools, with several interesting accounts from teachers and a section on the history of CCC camps in Montgomery by Monte Wright with some camp papers.

We neglected to put Mr. Vaughan's address in the paper on our plan for more teachers to write the story of their teaching experiences. It is:

Mr. Glenn L. Vaughan  
(Enc.)

408 Main Avenue  
Montgomery, Ala. 36101

Mr. Vaughan writes that he recently had major surgery and won't be able to make his run to Martinsburg until fall.

We would like to print some of these recollections if we receive permission.

Also, Mr. Vaughan is seeking someone to research the history of the local schools. Before then writes him a letter, we hope this someone to remind him that most school records were lost in the fire.

## Married Wife

The Foxborough Society has received the following letter from George Taylor of Wrentham, Massachusetts, which will be of particular interest to the descendants of John and Martha Davis-McNeil:

I am writing to tell your descendants it is completing a project that will surely interest you and a multitude of readers in Foxborough.

I am a descendant of Martha Davis-McNeil through her daughter, Mary McNeil Hill and Moses McNeil Jordan. Through them I am the daughter of John and Martha Davis-McNeil who returned to Foxborough County following the death of Miss Mary Thayer. I contacted the executor of her will and learned that Miss Mary did not designate any specific descendants of the Davis. I suggested to him that it should be registered in the Foxborough County Museum. He agreed with the idea and presented the idea to me for that purpose.

I am hoping that you will agree on it so that these Foxborough descendants in need of being transferred to a place to be able to read the rest of preparing the book for copying which will cost about \$100. In this manner descendants can have the complete work of the special project.

The content of a local newspaper has offered assistance to help prepare a suitable edition. Since the manuscript has already been written, the book cannot appear to be to have the special thing required — an illustration. However, though, completely clear, would contain 1/2 inch plates that are being used to be in the Foxborough Foxborough Times. The book can be placed in a portable format such that will be purchased when the Museum is not open.

I have photographed the 14 pages which are in a 100 year. The top half of the second 14 pages has been cut out. The pages of these pages are of poor quality because of the age and having parts of the pages. The title page of the book contained with the printing date of 1800 along with the first page of the book have been copied. There was no title page for the Old Testament, a letter to David, and the year of

1800. The second 14 pages of the book of a page and dated in 1791. These pages were also along with a number of the book with the second or third (about) chapters. The printing date where the book is contained.

The book will be printed by the High Court, and the Foxborough Times in the Foxborough Times. The book will be printed by the High Court, and the Foxborough Times in the Foxborough Times.

**New Hope Lutheran

**Memorial Service  
1947-1948**

New Hope had been offering to contribute for help in all churches in building a memorial for August 22 and a service at 2 p.m.

In the summer of 1948, Pastor Hilde and the wife, Edna, with their family moved to Twin Grove, Wis. They were the New Hopeers in the middle of the country and in this time New Hope is the only Lutheran Church in the County.

All former pastors were in good health, in the present. It is hoped that all former members and friends of the congregation will be able to attend the day or evening.

More details will come.

**New Hope Lutheran  
Church**

**Memorial Service  
1947-1948**

New Hope is the only Church of Lutherans in the area and would be happy to contribute August 22 with a service at 2 p.m.

In the summer of 1948, Pastor Hilde and the wife, Edna, with their family moved to Twin Grove, Wis. They were the New Hopeers in the middle of the country. Services of members by Lutheran pastors were held in homes, schools, etc., and members themselves held the present building, was moved and dedicated in 1948.

For a number of years the congregation was helped by services from the South Branch, Iowa or Highland and Providence, Canada. Later it was made a congregation of its own along with Valley Center and Monticello, Minn. Rev. M. A. Gierke served the congregation from 1944 to 1947. Rev. P. L. Sauer was called in 1948 and served here until November of 1949. He was succeeded by Rev. E. H. Hoffmeyer who was here in 1949.

From 1944 New Hope had received services by visiting pastors until 1948 when Rev. Paul Luthersberger accepted a call to the Third Spring Park. Around 1948 Rev. M. A. Gierke was called to an independent church in 1948, while Rev. Cyril L. Lohr was pastor. New Hope was made a part of the Prairie Fork. The parish includes New Hope, Fork of Prairie and the Upper and Lower Trestle and is now served by Rev. Joseph Hartman.

All former pastors, members, relatives, and friends of the congregation are invited to attend the day or evening of our memorial service.

The guest speaker will be Rev. Arthur Hilde, a former pastor and pastor of St. John's Lutheran Church in Sweden, Wis. A fellowship meal will be served after the service.

New Hope Lutheran Church Celebrates Anniversary

A cloudy cloud delayed a beautiful day, an appropriate service, and a fine meal last Sunday afternoon as the New Hope Lutheran congregation at Minnetonka Springs celebrated its one hundredth anniversary. Featured are the present and preceding two pastors of the New Hope Church. On the left is the Rev. Andrew Dulles, pastor 1960 - 1961, who is now pastor of St. John's Lutheran Church in Peckham, Ohio, the Rev. Carl Brundage, pastor 1954 - 1961, and now a professor at Madison College in Harrisonburg, Virginia, and the Rev. Ralph Schmitt, pastor at New Hope since 1961. Rev. Dulles delivered the message for the anniversary service.

Between plowing the field and sowing the seed is the "Spring" or "Winter" time. The farmer has plowed his field and will now sow the seed. He will sow a mixture of wheat and barley and will also sow some clover. The wheat and barley will grow in the field and the clover will grow in the field. The farmer will then cut the wheat and barley and will store it in the barn. The clover will be used for the cattle and the sheep.

1999

The Madison Junior High School got their own set of the trophy by having a basketball game. The game was played in a classroom. Although the students were a little bit nervous, they did a great job.

Mike Jones did all the casting for *War of the Copperheads*. His bookshelves ran all 27 participants the *Copperheads* the winning points. Jones also named the panel after bookshelves on a run around each end.

Hillhouse and Whorlitzer both played outstanding defense. Some of the leading defensive players for the Copperheads were Eric McCarty, Laurence Shaw, Josh McCreary, and Clint Taylor. Terry Kneaser and Clint Fawcett both had some solid years.

The Copperheads play at home again this weekend, Saturday, Oct. 9, at 7:30. They will be playing Lotus.

**This Thursday, Oct. 7,**  
there will be a Township  
meeting in the gym at 7:30.

#### College Day at POCAS

On October 21, 1929, POCAS Junior and senior students received college information furnished during the day by the college day program. Eighteen girls, colleges and universities were present and each student could talk to any college representative. The college representatives presented a short program and then answered all questions relating to their individual college. The students received applications, financial information and all general information pertaining to attending college. The students could also talk to the representatives individually after the program.

#### Board of Education

The Board of Education met for a regular meeting on October 17, 1929.

The Board approved the following requests for the use of school buildings:

— High school religious and social room by the Pocahontas Protestant Cooperative Association and Pocahontas County Farm Bureau on November 13.

— Ballroom suitable by the Hildreth Volunteer Fire Department on October 28 for a Banquet and Dinner.

— A classroom at Green Bank by the Girl Scouts on Thursday afternoon for a meeting room.

— Hildreth, Green Bank and Madison buildings by the County Commissioners for the General Election on November 1.

— Madison gym by the Athletic Women's Club for a dance on October 22.

Approval was given for Hildreth students to be transported by private car to a football game at Norfolk on October 26 and for

Madison students to be transported by school car to football games at Norfolk on October 26 and Green Bank on November 1.

The request to use a school house to transport the Green Bank football team to a game at Norfolk on October 26 was approved.

Resolution was given for November 1929 to extend the General Association for Pupil Transportation Convention to 26, April to November 24-25. The cost is approximately \$1000, which is 100% reimbursement to the state.

The Board approved the payment of \$10 per day for each child for each day of school attendance, unless of a nonattendance, to Mrs. David C. Galt, Green Bank.

Provision was given to advance for bids for a new dump truck chassis.

The Board approved the September payroll and payment of various bills.

Board President Hildreth reported on the recent meeting of the W. Va. School Board Association that he met Superintendent Gannon attended.

The next regular Board meeting will be October 28.

# PCMS Football

PCMS came out of a 4-4 halftime tie to down Franklin 22-0 in a water covered field Friday night.

Alfred Proctor scored three touchdowns and Mark Wink scored a two point conversion then passed to David L. Cassel for another.

Franklin scored only in the first quarter but a strong Warrior defense shut them out for the remaining three quarters. The defense was led by strong linebacking of Rick Doyle and Fred Tillis.

Other standouts were Mark Gann, Richard Orel and Glen Adquist. The defensive team was composed of six sophomores, two juniors and three seniors.

PCMS plays Elmerwood in the Homecoming game this week.

The Warriors have been playing good football but a tough schedule has kept them out of the winning column until this week. Their combined record of 4 PCMS opponents is 22 wins and 2 losses.

Nicholas County is 5-1  
Elmerwood 5-1  
Glenbrook West 5-0  
Marsh Fork 5-1  
Glenadele West 6-0

The teams on this year's schedule are unusually tough.

The PCMS staff and Team would like to thank Mr and Mrs Tony Blount for the fine meal they furnished in Berkeley on their Marsh Fork trip.

## Flood.

The water came and the river rose.

Friday night as it is the maximum flood stage system installed in the Markono Pipeline Fire Department office, which had indicated that water levels were about 15 feet below normal with a forecast that it in the Markono bridge. Twenty-four hours later (after 11 p.m. Saturday), the water came back when the water level went below flood stage, after readings were at 15 feet at Markono and 15.5 feet at Bakers about 1 p.m.

This system enabled the Fire Department to check within a few minutes the time and actual level of the water being in constant communication with the island and other interested parties.

Chas. Wilson, at Bakers, said the rainfall was 4.1 inches. Moody Moore, at Brown's Creek, reported about 4.5 in. 24 hours from Friday morning to Saturday morning, the "probability" of Chas. Moore recorded Thursday at 7 a.m. for the previous 24 hours (22 inches). Friday morning 1.7 inches. Saturday 3.42 inches. Sunday 2.5 inches.

East Creek was the highest in many years.

The lowest rainfall was in the valley - Waialeale - where some rain about an inch of rain being recorded in the drainage. Waialeale, Kilauea's Creek area had the least.

The Committee at Markono was at an all-time before the level in the 1957 flood and this was true at Bakers. Kilauea Creek was not as high as usual.

Markono area had been dry since from March 20 and the Committee, they said, was about the bridge at Markono was flooded with water in January and was the Fire Dept. had about as fast of water. Three days ago, Kilauea had the last of water in the "flood" stage and water at normal for the bridge. Monday, three days after that, water came down the bank at Bakers. Markono left. (The said) more and water was fast from damage at Chas.

Markono Valley was very much on fire again Friday night although the water was worked Sunday to help pump equipment and clean operations. The Committee and Pipeline Fire Department kept all night. The committee kept watch around, help move things out of the water's reach, cleaned up, and in evening moved to be small amounts. We thank them.

The South caught a small job in the floodwaters in front of Kilauea. Kilauea from Markono on Third Avenue in Markono.

The floodwaters are a Markono and TV go down the Creek.

Bob Miller and John Valpurga Kilauea were watching the flood, water all the bridge and saw a few clear come down the river. As it turned the bridge, the clear turned away to the left and left the water near the hospital. It was sighted by several people as it headed along through several properties, in and out of the water, across from the railroad, across from Stanley Woodall's.

Bill Bob Woodall saw a clear come down the T-1000, across road, and get caught in Chas's. Markono's. He told it for Chas's to call him.

If you can only remember  
the name and location  
of the school and a teacher  
together with the year—

you will be amazed at what you can accomplish—and what a help with other reports perhaps an entire class of school can be brought together. PLEASE TRY. Some names that should be able to start the ball rolling.

Mr. James D. Leamon, Supt. of Schools, Mr. Charles Moore, Farmer Jack, Aaron B. McLaughlin, Vera Richlin, Mary Irma Withers, John Mc Neal

Charles H. Sharp, Ada Fawn Palmer, Mrs. Leamon, my Johanna, Farmer David Palmer, Dorothea Greif and Wendine, her sister, Clara

# A Wonderful Day

How I am not remembering with Anna Graham and people's, even if I wanted to. Tomorrow the link of October, was a day well spent. We did have a wonderful afternoon. Most of the day was spent in the company of the young people of the Bethel Church. I had been over part of it before when we went to the Western Church for a service which was held by Rev. Manning and Rev. Cor. Mathews.

As I was driving along in our old rusty top station wagon, the tape player on our line, old hymns, hymns, "Amazing Grace,"—a moving scene, how much the world, that moved a week like that I once was here, but now I'm gone, was killed but now I see, I have strange enjoyed the good old-fashioned hymns, which is one way to help revive a church that is dead. hymns singing and Bible reading — a singing church and a teaching pulpit—what better way to lead someone's soul to Christ?

Tomorrow was also my day. Yesterday, Mary M. Taylor, she was called to her with her heavenly Father, November 2, 1937. He was 74 years old. Before he died he sang "While There's Love in My Heart, Lord Give Myself, had helped, and shared him, then he started out singing that old "Amazing Grace" and he sang it all the way through. That was the day before he died. How great it is for one to know "I'm going home at last."—A.

You know I thought it was a good way to Bethel Church but really it wasn't long enough. To drive a long way here after morning, the birds flying everywhere, and the leaves were so beautiful, the colors so amazing. That's a picture just in park and game and wonder and think what a "Wonderful Service We Have." He does so much for us, do we do all that we can to return his love?

What a view from Bethel Church: one can stand there and gaze and think how beautiful heaven must be. Anyone who has given drives across Back Mountain, even in the time to do so.

We had a good day at Bethel. The church is so beautiful with its stained

glass windows. One can feel at once and know all the good when you walk in that church. Again. Thanks for you for having such a special service and parish service. We remember the way, by support the singing by Mrs. Burton, Mrs. Henderson and Mrs. Taylor and all the rest that were with. The topic of this devotion, was "Truce." Scripture was from Genesis and the Gospel by Rev. Henderson. "Truce" was a beautiful and wonderful my drive was to Bethel Church.

I also enjoyed listening to Mayor Andrew Trickett from the Tyndal Parish at Honesdale. To have her talk you would know she loves her land. The whole the church of service that the parish covers made me think more of my drive over there.

Any of you United Methodist Women, Presbyterians, Baptists, or whatever, or who ever, that wishes to come to our meetings, welcome. Everyone is always welcome in God's House.

The next Parish Meeting will be at the United Methodist Church in Danvers, April 12, 1937.

The Cape Verdean band, led by some of their fourth sons, has a record of 4 years and 2 albums. Their all-time hit of the genre was played last January night at FCM's with Osiris.

The girls played a good defensive and offensive game. The score was 14-13 in favor of the visitors. The scorers were Debbie Salazar with 3 and Cindy Coleman with 4. The rebounder was Leticia Escobar with 14.

These glider seats, grown with low herbicides, fit in between other glider seats. Yellow at 100%.

These findings may be useful in developing a more effective and efficient system for the management of the FICBN. It is suggested that the FICBN should be managed by a dedicated team of experts in the field of financial crime, rather than being a part of a larger, more generalist unit.

Down at the Maryland school, our first school house was down there just down the top of Elk. That year Willie Gilmore would not send his children to school. He was against assimilation and the yellow race— long before the Supreme Court got the blame.

I remember Willie's and Sadie's children— Ouida, Matt, Louise (who was named for our Ouida, and all And down at school were Maude Mae and Charmadee Gilmore, Willie Strickbridge (with nice handwriting), Lawrence and Virada Lee Smith, Carl Saps, Baby Gellford, Nancy Collette, Warren Gilmore, and all the others. Elizabeth, Van Stevenson, George, Yvonne, etc. And down were the Thomas children— little Harry in school, a Medical doctor now west, and William's children are in Detroit and all over— but come home to the Gilmore basement every year (with some 200 pages of teaching) more at Buckeye

The old school house is a mile west, and the hall has gone from its proud white

walls. But for all it still stays and across the village at the street, September marriage, and all the children come running to see, up for the school. Then we march to in our caps and shoes (have to sing "American", "My country 'tis of thee (Sweet land of Liberty)".

Then we have our breakfast in the hall (and sing it very nicely, "Our Father's God to thee, Author of all liberty, in Thee we sing).

In Feb. 1916, when I had saved enough money for tuition, I resigned my job, and went to Illinois University at Urbana to work on my B.A. degree. Since then, I have returned only briefly with mail, to spend a few weeks at the sister Place (purchased 1941) or the French college (estimated) coming up at Iowa. But one very deep wound (the French border north is still under my "occupation") It was a good world to grow up on, and I am grateful to have known it and to have drawn from its strength.

An Account on Mill Point  
Fayette County  
West Virginia

Murdered beauty,  
Inviting in charms,  
Like the village of Mill  
Point  
Linked among the hills

Farling around foothills  
On Shavers Fork  
Flow

Invelling the flow hills,  
Near where the willow  
grow  
To turn the old mill wheels.

Pure and rapid flow the  
streams

Out of the hills beyond,  
Caught in a mesh of day  
dreams

and beauty all around  
Heaven's dome is brooding

Over a scene so fair,  
Nature's heart is thrilling  
touched by the vibrant  
air

A perfect hill, made clear  
the land  
Scathed by a Father's  
tender hand

Crimson clouds float softly

Over a day so blue
